

Waste ABC

A		<u>Disposal type</u>
Batteries		Unit 04 - Pollutant storage
Aluminum from workshops		Shot container - courtyard M
Aluminum-coated packaging (e.g. coffee packages)		Yellow bag
Aluminum lids / trays / foils with the green dot		Yellow bag
Waste oil		Unit 04 - Pollutant storage
Analyzers		Electronics scrap container -- courtyard M
Equipment containing asbestos		Unit 04 - Pollutant storage
Ash		Residual waste
Car batteries		Unit 04 - Pollutant storage
B		<u>Disposal type</u>
Batteries		Unit 04 - Collection container
Sheet metal from workshops		Scrap container - courtyard M
Tin canisters / boxes (not contaminated) with the green dot		Yellow bag
Pencils		Residual waste
Blister (outer packaging that leaves the product visible)		Yellow bag
Flower and plant waste (household quantities)		Residual waste
Envelopes with and without window		Waste paper recycling
Brochures		Waste paper recycling
Books		Waste paper recycling
Non-ferrous metals		Scrap container - courtyard M
Crayons		Residual waste
Office equipment		Electronics scrap container - courtyard M
Sandwich paper		Residual waste

Waste ABC

C		<u>Disposal type</u>
Chemicals		Unit 04 - Pollutant storage
Chemical bottles		Unit 04 - Pollutant storage
CDs		Unit 04 - Recycling
Coffee To Go Mug		Residual waste
Computer		Electronics scrap container- courtyard M
Computer printouts		Waste paper recycling
D		<u>Disposal type</u>
Floppy disks		Unit 04 - Recycling
Printer		Electronics scrap container- courtyard M
Printer cartridges <u>with</u> electronics or print head		Toner cartridges/ink cartridge recycling - material output
Printer cartridges <u>without</u> electronics (pure ink tanks)		Residual waste
E		<u>Disposal type</u>
Disposable cups with the green dot		Yellow bag
Disposable bottles and jars		Glass barrel - basement M building
Cardboard disposable tableware		Residual waste
Iron scrap		Scrap container - courtyard M
Electronic devices		Electronics scrap container- courtyard M
Electronic scrap		Electronics scrap container- courtyard M
Food scraps		Residual waste
F		<u>Disposal type</u>
Paint and varnish residues		Unit 04 - Pollutant storage
Color cartridges <u>with</u> electronics or print head		Toner cartridges/ink cartridge recycling - material output
Ink cartridges <u>without</u> electronics (pure ink tanks)		Residual waste
Fax paper		Residual waste

Waste ABC

(coated thermal paper)		
Televisions		Electronics scrap container- courtyard M
Felt-tip pen		Residual waste
Bottle caps		Yellow bag
Plastic films with the green dot		Yellow bag
Photographic papers		Residual waste
G		<u>Disposal type</u>
Freezers		Electronics scrap container- courtyard M
Plastic device housing		Residual waste
Metal device housing		Electronics scrap container- courtyard M
foamed packaging materials with the green dot		Yellow bag
Rock material (from Mineralogy / Geology)		Separate collection
Beverage cans		Deposit return
Glass beverage bottles		Glass barrel - basement M building
Fabric tapes		Residual waste
H		<u>Disposal type</u>
Staples		Residual waste
Wood		Container - courtyard M building
Sanitary paper		Residual waste
Hygiene wipes		Residual waste
J		<u>Disposal type</u>
Yogurt cup		Yellow bag
K		<u>Disposal type</u>
Cable ducts		Residual waste
Coffee to go mug		Residual waste
Coffee filter		Residual waste

Waste ABC

Coffee machines		Electronics scrap container
Coffee packaging		Yellow bag
Cardboard boxes		Waste paper recycling
Sweepings		Residual waste
Cookie jars with the green dot		Yellow bag
Ceramics		Residual waste
Transparent sleeves with the green dot		Yellow bag
Adhesive tapes		Residual waste
Glue sticks, emptied with the green dot		Yellow bag
Adhesives		Unit 04 - Pollutant storage
Capacitors		Unit 04 - Pollutant storage
Canning jars Copiers		Glass garbage can - basement M-building electronics scrap collection
Copy paper		Waste paper recycling
Crown cork		Yellow bag
Ball pen		Residual waste
Refrigerators		Electronics scrap container
Resin waste		Unit 04 - Pollutant storage
Plastic bags, bags with the green point		Yellow bag
Plastic bottles (not contaminated) with the green dot		Yellow bag
Plastic moldings (trays, baskets ..)		Residual waste
Plastic parts from workshops		Residual waste
L		<u>Disposal type</u>

Waste ABC

Laboratory Plastics

Residual waste

Waste ABC

(not contaminated)		
Lacquers		Unit 04 - Pollutant storage
Fluorescent lamps		Unit 04 - Pollutant storage
Solvent, organic		Unit 04 - Pollutant storage
M		<u>Disposal type</u>
Metals -Small quantities Larger quantities		Yellow bag
Metals - Larger quantities		Scrap container - courtyard M
Metal parts from packaging (lids etc.) with the green dot		Yellow bag
Milk cartons		Yellow bag
Monitors		Electronics scrap container- courtyard M
O		<u>Disposal type</u>
Folder		Residual waste
Overhead transparencies		Residual waste
P		<u>Disposal type</u>
Wrapping paper		Waste paper recycling
Paper (coated or soiled)		Residual waste
Paper towels (not contaminated)		Waste paper recycling
Paper handkerchiefs		Residual waste
Cardboard		Waste paper recycling
Petri dishes		Residual waste
Plastic spoon		Residual waste
Porcelain		Residual waste
Brochures		Waste paper recycling
Q		<u>Disposal type</u>
Mercury		Unit 04 - Pollutant storage

Waste ABC

R		Disposal type
Calculator		Electronics scrap container
Rust inhibitor		Unit 04 - Pollutant storage
S		Disposal type
Juice cartons		Yellow bag
Typewriters		Electronics scrap container - courtyard M
Writing paper		Waste paper recycling
Shrink films with the green dot		Yellow bag
Spray cans (without harmful residual contents)		Yellow bag
Spray cans with residual contents		Unit 04 - Pollutant storage
Leftovers		Residual waste
Mirror		Residual waste
Spray body		Residual waste
Detergent bottles		Yellow bag
Styrofoam (household quantities)		Yellow bag
T		Disposal type
Handkerchiefs		Residual waste
Keyboards		Electronics scrap container- courtyard M
Tea bag		Residual waste
Tetra Packs		Yellow bag
Highlighter		Residual waste
Thermometer with mercury		Unit 04 - Pollutant storage
Inkjet cartridges <u>with</u> electronics or print head		Toner cartridges/ink cartridge recycling - material output
Inkjet cartridges <u>without</u> electronics (pure ink tanks)		Residual waste
Toner refill container for copier		Residual waste

Waste ABC

Toner cartridges (from workplace printers, <u>not</u> from copiers!)		Toner cartridges/ink cartridge recycling - material output
Tracing paper		Residual waste
Tubes with the green dot		Yellow bag
Paper bags		Waste paper recycling
V <u>Disposal type</u>		
Composite packaging (e.g. milk and juice cartons)		Yellow bag
Thinner		Unit 04 - Pollutant storage
Metal packaging with the green dot		Yellow bag
Sweets packaging		Yellow bag
W <u>Disposal type</u>		
Wax paper		Residual waste
Workpieces/Housing of devices made of plastic		Residual waste
Z <u>Disposal type</u>		
Magazines		Waste paper recycling
Newspapers		Waste paper recycling
Cigarette packets		Yellow bag
Cigarette butt / ash		Residual waste
